

this month

SEPTEMBER

IN FOURTH GRADE

academics

LITERACY:

We have lots to learn this month! Early in the month we will study the theme of fiction texts, then switch to finding the main idea and details for nonfiction texts.

WRITING:

We will continue our study of informational prompts. Ask your student about how they have learned to plan and introduce their topic.

MATH:

This month will find us studying larger number multiplication and division using various models. Be on the look-out for ways to practice at home!

SCIENCE:

We have so many exciting discoveries ahead of us! This month we will be studying magnets, properties of matter, and forms of energy.

SOCIAL STUDIES:

In our integrated social studies, we will be learning about Florida's geography, weather, and how to use maps. We will be using this information to help us with our literacy assignments!

upcoming dates

Oct. 11- 1st 9 Week
Grading Period
Ends

Oct. 14- No School

Oct. 23- Early Dismissal

Oct. 25- Report Cards

Oct. 25-31- Red Ribbon
Week

(more info ASAP)

practice at home

EVERY NIGHT- Students should be reading their AR book at least 30 minutes!

Students also need to be practicing their multiplication and division facts! Use apps on tablets or flash cards for on-the-go review!

REMINDERS: Please sign your child's agenda daily, and check the Wednesday folder for additional papers needing signatures! Thank you!
